WORKING TOGETHER TODAY TO PROTECT OUR EARNED BENEFITS TOMORROW

The Association, since July 1970, has been classified by the IRS as a 501c (5) tax exempt labor organization [not a union]; however, dues, gifts, or contributions to the Association are not tax deductible as charitable contributions.

From President Bob:

It has been a very stressful year with so many losses but we seem to be coming out of it. I am happy to be coming out of my cave and joining the world again. I hope this finds most of you health, happy, and looking forward to future.

First we need to recognize that during this health crisis, it was the Federal employees that lead the way from keeping people informed to development of the vaccines.

There has been lots of activity regarding Federal employees. There are several bills in Congress regarding benefits and we need to be familiar with them. Also, we need to let our representative know how we feel. Additionally, there is discussion on requiring all Federal workers to get vaccinated as a condition of employment. This is an important decision and we need to make our feelings known.
